

Fresh Start

Seemingly clean, tidy environments within hotels and resorts are contaminated with harmful bacteria and other odor-causing microbial agents. Unpleasant odors can profoundly effect your customers' experience, as well as the health and safety of your staff. Sanitize with Microbe Free Solutions' advanced antimicrobial product with a long, proven history of success.

- EPA registered and approved for use against SARS-CoV-2, the virus that causes COVID-19
- Kills 99.9% of bacteria, germs, mold, mildew, and viruses
- Approved for both hard and soft surfaces
- In use, completely safe for adults, children, and pets
- Environmentally friendly, VOC and CFC free, & Hypergreen™
- Proven track record of antimicrobial success for over 30 years

We Are The Industry Standard for Sanitization. Our Hypergreen™ technology sanitizes all areas and provides an answer to harmful microbes. It is designed for easy application to hotels and resorts of any size to safely eliminate odor-causing germs, bacteria, mold, mildew, and viruses. Your lobby and reception area are the first impression for your customers. Ensure that you are reinforcing a positive image of your establishment by sanitizing contaminated “touch surfaces” like door handles, light switches, phones, and furniture.

Easy to Apply. Simply spray on to ensure coverage over vast areas of hard to reach surfaces and high tough areas.

Environmentally Safe. Our Hypergreen™ products do not release harmful chemicals into the earth, air, or ozone, making this product safe for you and the environment.

Microbe Free Solutions products are here to help reinforce a positive perception of your establishment as a safe, clean, and fun place to visit. Protect your investment and provide peace of mind.
